Retell is a fusion of minimalist and functional design created by world-acclaimed C. F. Møller Architects. In a time when many are working from home, most of us experience the need to collect ideas and to-do lists in one place. Retell can help you pin down those ideas and put them up on the wall without compromising your interior design and aesthetic sensibilities. Retell can also be decorated with family photos, children's drawings or invitations as a beautiful way to collect good memories for everyone in the family.
