

## **Leaf Blanket**

The Leaf Blanket is designed both to soothe and to inspire hours of entertainment. To give a botanical feeling, the organically shaped children's quilt is inspired by the falling autumn leaves, bringing nature inside your home. Ideal as both a play mat for babies and landing place for older children; it is a blanket that invites children of all ages to snuggle up.

**MATERIAL** The 100% organic cotton blanket is filled with polyester to make it easily washable and gives it a soft touch. The blanket is hand-stitched to create a natural feeling and best finish to every single one of the unique leaves.
